
I EXEMPLIFY THE TENETS OF

TAEKWONDO!!

I Train every day to be a good person!!!!

Dear Educator,

Your student is also a student at our Martial Arts School. TaeKwonDo helps children develop many good qualities. We teach our students to live by these tenets: **Honor, Courtesy, Integrity, Perseverance, Self Control, Indomitable Spirit**, and never forgetting, **Courage** and **Community**.

We also teach them that they must carry themselves the same in school and home as they do in our classroom. We stress that education **MUST** come first!

We encourage our students to set goals and to give 100% in everything they do, regardless if someone is watching or not! Our students are evaluated approximately every eight weeks. Academic effort is measured by how hard the student tries and NOT results based only. So, please keep this in mind while completing the teacher's assessment below.
