Only 3000 Daltons collagen can be absorbed and utilised by skin. The peptide technology of MAIONE has solved the problems such as the absorption difficulty of macromolecular collagen, instability of peptides and protein. It enables cellular energy to be absorbed easily into the deep skin and effectively relieves various skin ageing problems.

## OUR VISION

We aim to be the most competitive and the most productive service organisation in the world. Our core competencies in inspection, verification, testing and certification are being continuously improved to be best-in-class. They are at the heart of what we are. Our chosen markets are and will be determined by our ability to be the most competitive and to consistently deliver unequalled service to our customers.

SGS is the world's leading inspection, verification, testing and certification company. SGS is recognised as the global benchmark for quality and integrity. With more than 85 000 employees, SGS operates a network of over 1 800 offices and laboratories around the world.

We provide competitive advantage, drive sustainability and deliver trust. At SGS, we are continually pushing ourselves to deliver innovative services and solutions that help our customers move their businesses forward.

## OUR VALUES

We seek to be characterised by our passion, integrity, entrepreneurialism and our innovative spirit, as we continually strive to fulfil our vision. These values guide us in all that we do and are the bedrock upon which our organisation is built.

## OUR HISTORY

Established in 1878, SGS transformed grain trading in Europe by offering innovative agricultural inspection services.

From those early beginnings, we steadily grew in size and scope as our agricultural inspection services spread around the world.

During the mid 20th century, we began to diversify and started offering inspection, testing and verification services across a variety of sectors, including industrial, minerals, oil, gas, and chemicals.

In 1981, SGS was listed on the Swiss Stock Exchange and forged an unrivalled reputation as the industry leader in finding solutions to the complex challenges faced every day by organisations.

Our consultancy, outsourcing and training services complement our core inspection, verification, testing and certification services in delivering these solutions across all industries.

Through our unique global network we deliver independent results tailored to the precise needs of each industry or sector. Our customers trust in our expertise, experience and resources to support them in achieving outstanding performance in everything they do.

Today, our focus is on innovative ways to deliver business benefits. This enables us to help our customers improve quality, safety, efficiency, productivity and speed to market, while reducing risk and building trust in sustainable operations.

# The most frequently asked questions about MAIONE Youth Original Essence

**1、Why does my skin feel "sticky" after using MAIONE Youth Original Essence?**

MAIONE Youth Original Essence is rich in collagen that forms a sticky protective layer on the skin to ensure active ingredients are fully absorbed, when used. Stickiness and the duration it last varies depending on skin type. However, after few week, the sticky feeling will diminish and your skin will become healthier!

**2、Is it alright to use make-up after applying MAIONE Youth Original Essence?**

MAIONE Youth Original Essence is a multi-function product. It can replace toner, moisturizer and skin treatment products that are used before make-up. This product will not have any effect on make-up.

**3、Why did I develop acne and skin irritation after using MAIONE Youth Original Essence?**

There are several possibilities:

• **Oily Skin:** Over developed sebaceous glands can cause overactive sebum secretion.

In this situation, cleanse skin thoroughly, dilute the essence with pure water in a 1:1 ratio and cut the application of essence to once a day.

• **Make-up:** Make-up containing chemicals and hazardous substances can cause an adverse reaction when used with MAIONE Youth Original Essence. Acne will usually improve and disappear after 10 days. Temporarily stop using the essence and resume after symptoms have subsided and skin is back to its normal condition.

• **Allergic reaction:** It could be due to an allergic reaction to high doses of collagen or an overdose of essence, causing an overdose of nutrition that the skin is unable to absorb. In such cases, dilute essence or stop using temporarily.

• **Accelerated metabolism rate:** Skin irritation could also be due to the accelerated metabolism rate dehydrating skin after it is replenished with collagen. As the old epidermal cells keep shedding off and new cells keep growing, it may cause temporary skin irritation. If the situation persists, dilute the essence. If it still persists after a few days, stop using for a week, then resume with diluted essence.

## 4、Can I use MAIONE Youth Original Essence with sensitive skin?

Firstly, distinguish whether skin is allergic or sensitive. If your skin is allergic, stop all products and look for the allergen. Then, cleanse your skin with water and stop all makeup (including skincare). Secondly, apply cold water (do not use ice). Avoid touching your skin with your hand and avoid seafood, spicy food or food with alcohol. If allergy persists, take some antihistamine. Common allergens include pollen, dust, cosmetics, food, medicine, age, pets, change of season, change of temperature and ultra-violet rays.

## 5、Why do some people continue to have allergies after using MAIONE Youth Original Essence?

Everybody's physique changes according to the environment they are in and what they consume. This will affect the skin's condition especially if the immune system is compromised. If this happens, dilute the product with pure water or stop for a few days. Resume after skin and body recovers.

## 6、Why do pores dilate after using MAIONE Youth Original Essence?

This normally happens when weather is very dry. Pores dilate when the dermis tries to hydrate the epidermis. When the weather is dry, apply MAIONE Youth Original Essence more frequently to replenish moisture.

## 7、Why is my skin darkening after using MAIONE Youth Original Essence?

Skin darkening after a week to 20 days of using MAIONE Youth Original Essence could be due to the detoxification process. If products containing hormones, lead, mercury and other toxic substance were previously used, toxin could have built up in your skin. MAIONE Youth Original Essence stimulates metabolism, breaks down toxins and removes it from your skin. The metabolic cycle of skin is 28 days long. After that, skin will become bright and shiny.

## 8、Why can't MAIONE Youth Original Essence be used together with products that contain hormones, lead and mercury?

MAIONE Youth Original Essence is able to reach the dermis directly to break down toxins. If used together with hormones, lead and mercury, it will reduce efficacy and may worsen skin condition. Do not use MAIONE Youth Original Essence with products containing heavy metals.

## 9、The weather is hot, how should I use MAIONE Youth Original Essence?

Sebum secretion becomes more active when weather is hot. Adjust usage of essence according to skin condition.

## 10、What is the pH for MAIONE Youth Original Essence?

pH 6.2-6.5, similar to our skin's pH.

## 11、Would the smell of MAIONE Youth Original Essence change after some time?

The product is well sealed. As long as it is not exposed to high temperatures or direct sunlight, the smell will not change.

## 12、Can the shelf life reach three years without using preservatives?

MAIONE Youth Original Essence uses extracts from natural ingredients that contain natural preservatives that last for 3 years.

## 13、Why Maione?

Maione Youth Original Essence is a comprehensive formulation of various peptides, helps in promoting the absorption of collagen in the dermis layer recovering the elasticity of skin, improving the skin moisture content, and enhance skin resistance. It also effectively smoothens and inhibits forehead wrinkles, fine lines, peripheral pseudo muscle contraction and vitality, thus relaxing the muscles, recovering the suppleness and elasticity of the skin.

**14、How long does each bottle of 120ml Maione Youth Original Essence?**
Typically, each bottle of 120ml Maione Youth Original Essence can last around 3 months, depending on your usage.

**15、If I were to stop using this product after a while, will there be any regression?**
Maione is made of all-natural ingredients, hence there will be No Regression. Even after you stop using it, your skin will maintain its suppleness. However, the skin will still age as normal, as we continue to lose collagen everyday.

**16、I learn about this product only from my friend. Why is there No Advertisement?**
An Excellent product does not need much advertisement, it sells by itself and by word-of-mouth.

**17、There are many other websites selling this product, including Facebook, eBay, Amazon. Why is it better to buy from here?**
**We guarantee 100% authenticity of the Maione product**. And recently we come to understand that there are many people who do not know how to use this product correctly. As a value-added service, we will personally show you how to use it correctly for the best result.
As 1 star or 2 stars member, you can build your business and receive the compensation plan.
